I certify only footing and foundation work will be done as described above or on accompanying plans. All work will be performed in compliance with all codes and ordinances of the City of Fremont, and inspections requested as outlined on the issued permit. Field inspectors have the final determination regarding code compliance. All liability is on individual/company performing work if the footing and foundation work is performed before site plan approval. If work has to be modified because of setback requirements or other factor(s), the cost of removal and replacement is not the responsibility of the City of Fremont.
